New York, NY 10022

May 7, 2003

Dear Jay:

Your visit to my home was a delight for me and I was so glad you arranged it while you were in St. Louis. The delay in my response is that I determined to find the article I wrote on the chain design of Franklin about which subject you inquired. On the fifth excavation of my pamphlet file in my basement I found a copy of it and enclose it. I hope it is sufficiently convincing.

I also wish to thank you for the beautiful ophthalmology history medal. It is a tribute to one of the many scientific discoveries which have helped make my life so full.

I hope our paths will soon cross again.
